**Harrogate and District**  
NHS Foundation Trust

## Harrogate and District NHS Foundation Trust Department of Podiatry

List of local Chiropodists/Podiatrists who are members and are registered with the Health Care Professionals Council (HCPC) and are also members of the Society of Chiropodists and Podiatrists.

Covering York, Scarborough, Malton & Selby localities.

## Private Alternatives

To assist you if you have chosen to seek private treatment, Harrogate and District NHS Foundation Trust's (HDFT) Podiatry Department has compiled the below list. This list was taken from the Society of Chiropractors and Podiatrists website and is correct as of April 2017.

All of the Chiropractors/Podiatrists on this list are registered with the Health and Care Professions Council (HCPC). As from July 2005 it is an offence to use the title Chiropractor or Podiatrist if you are not registered with the HCPC. There are a small number of people who previously practiced as Chiropractors who did not register and now go by the title of Foot Health Practitioners. If you do seek treatment from a Foot Health Practitioner please be aware that they are not regulated by HCPC.

If you want to check if a Chiropractor/Podiatrist is registered you can visit the HCPC website at [www.hcpc-uk.org](http://www.hcpc-uk.org) or phone 0300 500 6184.

All Podiatrists on this list are also members of the Society of Chiropractors and Podiatrists as such follow the professional guidance of the Society and carry full professional indemnity.

Further information is available from [www.feetforlife.org](http://www.feetforlife.org).

Please note that there are specialisms within Podiatry. If you seek treatment from any provider on this list we would recommend that you check that they have the appropriate skills to provide treatment for your particular foot and lower limb condition.

**HDFT is unable to endorse or recommend any individual practice, but has provided this list to assist patients who wish to find a private practitioner.**
